

AMX Technical Specification

This outlines the **minimum** technical specification to support a remotely hosted installation of AMX. AMX can be installed on any machine that may be used to access the software. There are no licence implications for installing on all your machines if required.

Client Machine:

- Windows based PC
- Graphics card and monitor with a 1024x768 resolution, 256 colour display (16 bit high colour recommended)
- 500 Mb RAM or Higher
- Minimum 100 MB free disk space on the target drive.
- Windows 2000 or later (excl Windows 8 RT)
- .NET Framework 2.0 or later

If you require any additional information, please contact the IAM team on +44 (0)117 9596528.
